Summary

Software engineer building web, mobile, and backend products for engineering teams.

I work across TypeScript, React, React Native, Node.js, and Kubernetes to ship reliable systems and improve production workflows.

Technical Skills

- TypeScript: 5/5
- JavaScript: 5/5
- HTML / CSS: 4/5
- React: 4/5
- Node.js: 4/5
- Git: 4/5
- Docker: 3/5
- Kubernetes: 3/5

Experience

Tech Lead, Witsawa Corporation

Sep 2017 - Present

- Lead product engineering across web, mobile, backend, and deployment work.
- Build frontend applications with React, TypeScript, Redux, Rematch, Vue.js, and Firebase.
- Develop mobile applications with React Native and publish to Play Store and App Store.
- Design and maintain backend APIs with Node.js, LoopBack, Apollo GraphQL, and related services.
- Manage production services using Docker, Rancher, Kubernetes, and RKE2.
- Guide delivery with Kanban, code review, technical direction, and reusable project foundations.

Freelance Software Engineer, Independent

Jan 2017 - Sep 2017

- Built frontend web applications with React for client projects.
- Developed backend APIs using Node.js, Express.js, and MongoDB.
- Integrated payment, shipping, and third-party services such as SiamPay and Shippop.
- Worked directly with clients to turn product requirements into usable software.

Fullstack Engineer Intern, TakeMeTour

Jun 2016 - Dec 2016

- Developed Android application features with React Native.
- Built web application features with React and Node.js.
- Worked with a microservices architecture using the Spinal framework.
- Processed operational log data with Apache Airflow.

Selected Work

Blog Posts from Medium

- Technical writing about software engineering, product development, technical lessons, and ideas learned while building and maintaining real systems.

Rancher v1 to Rancher v2 Migration

- Moved deployment workflows from Rancher v1 to Rancher v2 with RKE2, improving Kubernetes operations, service management, and production deployment reliability.

Education

Bachelor's Degree in Computer Engineering
Kasetsart University, Bangkok, Thailand
2013 - 2017

Languages

- Thai: Native
- English: Professional working proficiency
